# BROTHER PT1300

# Electrolytic Etch Marking Systems

Create short-run stencils with the easy to use, lightweight, and portable handheld PT-1300 Electronic Stencil Printing System. The PT-1300 features 7 font sizes, large 57 point printing, automatic font sizing, 9 type styles, 9 commonly used bar codes, sequential number printing and multiple copy printing. The PT-1300 prints onto the Östling stencil cartridge and can also print up to 4 lines. With the PT-1300, you can save and recall multiple stencil designs and work with a library of built-in industrial and scientific symbols, allowing for hassle-free mobile stencil creation.

The PT-1300 includes 6 "AA" batteries, one Östling stencil cartridge. Wrist strap also included.
